

# Need money for Your Schools or Youth Programs?

Want to help keep your dollars in YOUR communities? Want to give your students a chance to support their school, their community AND earn great prizes all at the same time? Then welcome to the Sankofa Community Card! The staff at No Stones Youth Movement & Tamu Sana Kanyama Prep Academy have partnered with community based, minority owned businesses and developed a fundraiser specifically with Independent Community-run youth programs in mind.

### How the card works for the public:

For a \$10 donation, the patron will have access to numerous discounts from businesses, ranging from restaurants to book stores and the card is valid from until Dec. 31, 2015! Quick access to the Sankofa Community Card webpage will give them a list of all the participating businesses and the discounts they carry. Businesses are being added regularly so as each one is added on, the value of the card continues to go up!

### How the card works for the student and the School/Program:

The cards can be purchased via the website but we encourage students to sell the card directly. The first benefit to doing so is for the school. A percentage of each card sold by a student goes directly to their School/Program. Over 90% of all the proceeds go directly into uplifting and strengthening independent Schools and programs. But the fun doesn't stop there! If the School or Program is a member of the NSM, Inc. family, As each student reaches donation targets, they will obtain bigger and better prizes for their efforts! Including our own TEAM EFFORT INCENTIVES!

### How the card works for the Business:

The card is being promoted all over Metro Atlanta. Not only do you as a business have the opportunity to support these wonderful, community focused schools and programs for youth, you are gaining exposure and possibly new customers. You business will be featured on our web site and could even appear in radio and news paper Ads. The first 12 Business will be highlighted by No Stones Ministries, Inc., Tamu Sana Kanyama Prep. and any of our supporting schools; one per month ; as our star supporter. Most importantly, your giving isn't monetary. You complete a simple form that states what type of discount you would like to offer card holders and you are instantly added to our web site. If you are interested in having cards available at your location, please include that information on your supporter application. And remember... parents are a great tool for word of mouth...

With your assistance, we know this fundraiser can reach new heights for helping create a solid financial foundation for our independent schools & Educational Enrichment Programs. We would love to come out to your facility and give a full presentation to your staff, students and parents on exactly how the card works and its many benefits. Please contact us via email or phone so we can set up an appointment. Our youth need us...and we need our youth. Let's make this happen!

"Live YOUR beliefs & YOU can turn the world around."
